Possession of my entire soul

A wonderful serenity has taken possession of my entire soul, like these sweet mornings of spring which I enjoy with my whole heart. I am alone, and feel the charm of existence in this spot, which was created for the bliss of souls like mine. I am so happy, my dear friend, so absorbed in...

Possession of My Entire Soul

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind text. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean. A small river named Duden flows by their place and supplies it with the necessary regalia. It is a paradisiatic country, in which roasted parts of sentences fly into your mouth. Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life. One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar. The Big Dummy advised her not to do so, because there were thousands of bad Copies, wild Question Marks and devious Semkoli, but the Little Blind Text didn't listen. She packed her seven versicles, put her initial into the ball and made herself on the way.

The Big Dummy advised her not to do so, because there were thousands of bad Copies, wild Question Marks and devious Semkoli, but the Little Blind Text didn't listen. She packed her seven versicles, put her initial into the ball and made herself on the way. When she reached the first hills of the great Mountains, she had a short view back on the skyline of her hometown Bookmarksgrove, the headline of Alphabet Village and the middle of her own road, the Line Lane. Put a vibrant question on our bar check, then she continued her way. On her way she met a copy. The copy warned the Little Blind Text, that where it came from it would have been rejected a thousand times.

Blind Text should turn around and return to its own, safe country. But nothing the copy said could convince her and so it didn't take long until a few Invidious Copy Writers ambushed her, made her drunk with Long and Prolate and dragged her into their agency, where they abused her for their projects again and again. And if the head been inverted, then they are still using her Far far away.

UI design refers to the term "user experience design" while UX stands for "user interface design". Both elements are crucial to a product and work closely together.
